Power Bi

I am a dedicated, organized and methodical individual. I have good interpersonal skills, am an excellent team worker and am keen and very willing to learn and develop new skills. I am a mature team worker and adaptable to all challenging situations. I can work well both in a team environment as well as using own initiative. I can work well under pressure and adhere to strict deadlines. Industrious individual with experience in operations and financial management. Proven track record of success in creating and driving business strategies, increasing efficiency, and cutting costs. Expert in managing complex projects, developing innovative solutions, and leading teams to achieve objectives. Detail-oriented professional experienced in strategic planning, cost optimization, and team leadership. Proven track record of developing successful strategies and managing operations to achieve both short-term and long-term goals. Exceptional problem-solving and communication skills, with the ability to motivate and lead teams to success. Highly organized, proactive, and results-oriented, with experience in financial management, organizational development, and operational excellence. Recent graduate with professional experience in data analysis. Proven track record of working with data analytics tools, such as Microsoft Excel, Power Bi, SQL,Python,Tableau and R. Experienced in data mining techniques, data visualization, and statistical analysis. Passionate about using data analysis insights to drive business decisions and improve processes.
